Wind gusts estimated to be 75 mph blew down a 24 inch diameter tree in German Valley, IL at 650 pm August 4.

WHITESIDE COUNTY --- 1.8 WSW STERLING ARPT [41.74, -89.71], 2.1 ESE YEOWARD ADDITION [41.74, -89.63]				
	08/04/08 18:10 CST		5K	Thunderstorm Wind (EG 61 kt)
	08/04/08 18:10 CST		0	Source: Trained Spotter

Wind gusts estimated to be 70 mph blew down several 8 to 12 inch diameter trees and telephone poles across Thome Rd 4 miles south of Rock Falls, IL at 710 pm August 4.

A cold front slowly moved southeast into eastern Iowa during the daytime hours of August 4. South to southwest winds brought increased heat and humidity with high temperatures that ranged from 82 at Freeport, IL to 99 at Muscatine, IA. Heat index readings were as high as 120 degrees.

Late that afternoon and evening, an upper level disturbance moved along the cold front triggering showers and thunderstorms over northeast Iowa and northwest Illinois. Some of the storms produced brief heavy rains, large hail, and damaging winds, with one storm in particular developing a tornado between Charlotte, IA and Goose Lake, IA.

WARREN COUNTY --- 0.7 S MONMOUTH [40.91, -90.63]				
	08/05/08 02:57 CST		0	Thunderstorm Wind (EG 60 kt)
	08/05/08 02:57 CST		0	Source: Trained Spotter

Wind gusts estimated to be 60 mph blew down some tree branches in Monmouth, IL at 357 am August 5.

WARREN COUNTY --- 2.2 WNW GREENBUSH [40.73, -90.57]				
	08/05/08 03:10 CST		0	Thunderstorm Wind (EG 61 kt)
	08/05/08 03:10 CST		0	Source: Law Enforcement

Wind gusts estimated to be 70 mph blew down a two and a half foot diameter tree across a road 5 miles east of Roseville, IL at 410 am August 5.

HENRY COUNTY --- 0.5 E GALVA [41.17, -90.04]				
	08/05/08 03:26 CST		0	Hail (0.75 in)
	08/05/08 03:26 CST		0	Source: Trained Spotter

Penny-sized hail fell in Galva, IL at 426 am August 5. Wind speeds were estimated to be between 35 and 40 mph.

A low pressure system tracking along a cold front draped across the region sparked the development of some showers and thunderstorms over eastern Iowa and Northwest Illinois during the early morning hours of August 5. Heavy rainfall, damaging winds, and large hail were associated with some of the stronger storms.

IOWA, East Central and Southeast

BUCHANAN COUNTY --- 1.7 WSW ROWLEY [42.37, -91.86]				
	08/03/08 03:12 CST		0	Hail (0.75 in)
	08/03/08 03:12 CST		0	Source: Trained Spotter

Penny-sized hail fell 1 mile west northwest of Rowley, IA around 412 am August 3.

DELAWARE COUNTY --- 3.1 W BAILEYS FORD PARK [42.43, -91.46]

Storm Data and Unusual Weather Phenomena - August 2008
